FinPro is the trademarked name and exclusive intellectual property of the Authors. Subject to the terms and conditions of this License, the Authors hereby grant to THE COMPANY (The "Licensee") a non-exclusive, non-transferable license to use, modify, and distribute this software **ONLY UPON FULL PAYMENT** of the invoices issued for its development.

## Terms and Conditions

- 1. CONDITION PRECEDENT:** The license granted herein is **STRICTLY CONDITIONAL** upon the Authors' receipt of full payment for all development fees as specified in the invoice(s) drawn on 31st December 2025.
- 2. NO RIGHTS PRIOR TO PAYMENT:** Until such time as full payment is received and confirmed in writing by the Authors, the software remains the **EXCLUSIVE PRIVATE PROPERTY** of the Authors. The Licensee has **NO RIGHT** to use, modify, distribute, or host the software in any environment.
- 3. RETROACTIVE APPLICATION:** This license supersedes and replaces any and all previous license grants found in the repository's history, which are hereby declared null and void due to failure of consideration (non-payment).
- 4. RESERVATION OF RIGHTS:** All intellectual property rights remain the exclusive property of the Authors.
- 5. INTENT OF GH SUBMISSION:** The submission of this code to the Licensee's GitHub organization or other company-controlled infrastructure was performed strictly for the purposes of **review, integration testing, and delivery-on-approval**. This technical submission does **NOT** constitute a waiver of the Authors' ownership rights, nor does it imply a transfer of title/property, which is strictly deferred until the fulfillment of the Condition Precedent in Section 1.
- 6. DEEMED ACCEPTANCE:** The work shall be deemed accepted if (a) the Licensee fails to provide a written list of material defects within 30 days of submission (including any digital transmission via WhatsApp, GitHub, or Email prior to Jan 1 2026), or (b) the Licensee uses the software in a production environment, or (c) the Licensee demonstrates or provides access to the software to any third party (including potential clients).
- 7. REVIEW TERMINATION:** If the Condition Precedent in Section 1 is not met after 30 days of the invoice date, the temporary authorization for review granted in Section 5 is automatically revoked, and the Licensee must immediately remove all copies of the software from its infrastructure.
- 8. DECLARATION OF AUTHORITY:** This license is the official and binding legal proclamation of the Authors. The tool used to draft this text (AI, template, or otherwise) has no bearing on its validity.
- 9. ROYALTY & REVENUE SHARE:** Upon satisfaction of the Condition Precedent (Full

Payment of Dev Fees), the Licensee is granted a Commercial Use License subject to a PERPETUAL ROYALTY of 30% of Gross Revenue generated by the software. This royalty applies to all future earnings, modifications, or derivatives.

**10. BUYOUT OPTION:** The Licensee may elect to acquire full, unrestricted ownership (Copyright Assignment) of the software by paying a one-time Buyout Fee equal to 7x (Seven Times) the Total Development Fees. Upon receipt of the Buyout Fee, all royalty obligations in Section 9 shall cease.
